ABOUT ME

Creative full stack JavaScript Developer with 3+ years of experience and have a passion for building responsive, interactive and secure web applications. I have a strong background in web development and have worked on a wide range of projects. I like learning new technologies and always try to keep myself updated with the latest technologies.

EDUCATION

Bogura Zilla School, Bogura
Secondary School Certificate(SSC) in Science
Feb 2008 - Feb 2016

Govt. Azizul Haque College, Bogura
Higher Secondary Certificate(HSC) in Science
Feb 2016 - Feb 2018

WORK EXPERIENCE

Freelancer
Feb 2019 - Oct 2020

In my early days, I did freelancing with some local clients. I used to make school/restaurant and small e-commerce websites for them. After that I started freelancing with some remote clients. Gained a bunch of new skills doing these.

Frontend Engineer
Wikiance | https://wikiance.com
Nov 2020 - Sep 2021

I was the lead developer on their flagship project called Techiio. My responsibilities were implementing api by coordinating with backend developers, adding new features, testing, scaling up, bug fixing, training interns etc. Learned a lot about teamwork, communication, best practices, and how to work in a fast-paced environment from here.

Backend Engineer
Valkyrie IT LTD | https://www.valkyrie-it.com/deck
Nov 2021 - Present

As a backend engineer, my job here is creating secure and scalable backend, doing research and communicating with the frontend devs to make a website/app alive.
